March's meeting will be a special one. We have artist Ann Bauerfeind coming to create a painting for us. She has done this for different groups, and it is a popular program. She will be working in chalk, and in a short 20 to 30 minutes she will create a picture. She brings her own lighting and easel, and it is really a wonderful presentation. While she works we will listen to a narration that is a favorite of a couple of us. The overall effect is quite extraordinary. Don't miss this special presentation.

We have another special presentation in April! A gentleman who is retired from a southern California news organization will come to sing for us. He is very popular. Stay tuned!

Lunch will be served.
A freewill offering will be collected.

OK.com stands for Older Kids Club of Mission, generally those 60 years or older! We are Changing Lives through Jesus Christ by...

- ◆ Empowering people to share their faith in their everyday lives, and
- ◆ Forming close relationships with others while growing spiritually, physically and emotionally.

We stay active, spiritually grounded, and emotionally connected with others as we live, so join us and bring a friend!

Our second Bunco meeting was a fun success. It is an easy game that is a backdrop for getting together and chatting with different people. There were even a few Bunco fist pumps, always good exercise. It was a memorable afternoon with dear friends.
